FORD MOTOR COMPANY

On June 16, 1903, Henry Ford established the Ford Motor Company in Detroit, Michigan. Over its 111 years of history, Ford grew to become one of the largest international companies in the world. Today, its products and innovation are still at the forefront of the industry, revolutionizing the future of electrical vehicles. Ford was recognized as one of the 50 most Innovative Companies by FastCompany magazine.

FORD TOOLS

Our team of experts at NINE HKG Ltd., with over 20 years of experience in the development and production of quality tools, has joined forces with the Ford Motor Company in order to develop a unique line of products that honors the legacy established by Henry Ford in terms of production of dependable and affordable goods. NINE HKG Ltd., as the global official licensee of the Ford Tools Lineup, has appointed several distributors worldwide in order to better serve the specific needs of countries and regions around the globe.

AFRICA FORD TOOLS

OUR VISION

The Ford Tools concept was initiated in 2013, Africa Ford Tools (Pty) Ltd. has been awarded the Official License for Africa.

Our vision is to be Africa's leading brand of choice, customer preferred marketer and distributor of Hand Tools, Power Tools and service solutions to the automotive, industrial, retail and wholesale markets.

We are pleased to bring this concept of quality and excellence to your business.
